

Welcome to the East Hampton Town Parks and Recreation Department. We offer a variety of programs no matter what the age may be. We are here to benefit our community with the highest quality of recreational services on the East End.

Our parks and beaches are beautifully maintained so that they may be enjoyed to the fullest. We take pride in the aesthetics of our surroundings. John Rooney, Superintendent of Recreation, and Anthony Littman, Town Maintenance Supervisor are both dedicated to building strong recreational opportunities for the entire community. They strive to maintain unity in leisure for the benefit of the people and the Town of East Hampton.
